

## C700

Electric evacuation chair

areequipment

*C700 Stairs don't have to be an obstacle*

This C700 electric chair will make all the difference not only for the patients/persons with reduced mobility but also for the operator, allowing to manoeuvre the C700 with minimal physical effort while climbing stairs.

The option to have an hybrid system with removable power tracks will turn the C700 into a regular orthopedic wheelchair in just a few seconds.
